OUR ADVANTAGE

1、 We use imported PC, good impact, UV and high temperature resistance .

2、 Our switch contacts are made of AgNi15/ Cu alloy, which conforms to the EU Rohs 2.0 standard.

3、 The socket copper is made of tin phosphor bronze, which has the characteristics of high conductivity, not easy to heat, and strong fatigue resistance.

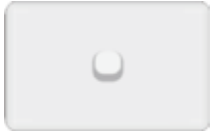

4、 Unique patented intellectual property buckle design, completely solve the current American standard market product module off industry problem.
