AMJ 90 series thermally broken tilt and turn window...

I'm a builder based in Sydney Australia and have been involved in construction for over 17 years and in commercial windows for over 4 years. I have to say, I was very impressed by the product AMJ delivered. Dealing with the sales rep Tammy was straight forward and easy. Everything that was quoted and promised was delivered according. We are now in the process of offering these high-end windows to all our luxury home clients as we don't have anything like this in Sydney.

Excellent product and service.

Thank you AMJ.
